

KOHLER[®]

YACHT GENERATORS

empowering

life
onboard

To the yacht owner, is an
“compromise”

As well it should be. Which is why Kohler, known worldwide for inspiring a greater sense of gracious living, brings yacht owners a full complement of powerful and quiet-running diesel generators, sound enclosures, controls and accessories. Engineered to the highest standards, crafted with the same pride as the vessels they power. KOHLER® diesel generators are for those unwilling to compromise their comforts at sea, no matter where their journey — or sense of adventure — may take them.

Power designed for onboard lifestyles.

40 kW diesel generator
with sound housing

99 kW diesel generator

180 kW diesel generator
with sound housing

Comfort and convenience are essential to the yachting experience. KOHLER® diesel generators produce up to 180 kW at 60 Hz and 150 kW at 50 Hz, while remaining compliant with the latest emissions requirements. Each is fitted with a sound housing for remarkably quiet operation. KOHLER generators are powered by high-pressure common rail engines with electronic controls for superior fuel delivery and load performance.* Best of all, Kohler is your true single-source partner, with every generator, alternator, control and sound shield designed, manufactured and assembled start to finish in our own facilities. Finally, KOHLER generators have received certifications from the following international maritime associations: American Bureau of Shipping, Bureau Veritas, Det Norske Veritas and Lloyd's. *Available on 125-180 kW generators

By building generators, we've built a following.

Kohler has established an enviable reputation as a company that responds to its customers – a characteristic that's helped make us a leader in marine power systems. For designers of customized yachts, the technical experts at Kohler will be glad to assist in specifying a complete customized solution. Power with Kohler, and find out why those who live for the water won't power any other way.

Go where you want to go. Kohler will meet you. Every KOHLER® generator comes with a comprehensive warranty, supported by a network of more than 600 marine dealers and distributors around the globe. Choose your port of call – from North and South America and Europe to Africa, the Middle East and Asia-Pacific; you won't be far from original Kohler parts and expert 24/7 service.

Advancing living environments worldwide.

Kohler Power Systems didn't become one of the world's largest generator manufacturers by accident. We did it by dedicating every Kohler business unit to improving the places you live, work and play.

We strive to deliver products and services in ways that capture the essence of charm, good taste and generosity of spirit. And through a continued allegiance to industry-leading design and technology, a single level of quality consistently above the standard, and service-minded attitudes, we believe those objectives can be met.

Right now, Kohler ideas and craftsmanship are at work making people's lives better. Our plumbing products, exquisite furniture, engines and generators, hospitality and real estate are at the forefront of more gracious living.
